

Augustus P. Sand William

Sept 1891 - March 1915

58

DEPARTMENT OF MECHANICAL ENGINEERING,
UNIVERSITY OF TORONTO.

TORONTO, CANADA, Sept. 15th., 1914.

ROBERT W. ANGUS, B.A.Sc.
MEM. AM. SOC. M.E. M. VER. D. ING.
PROFESSOR.

President Falconer,
University of Toronto.

Dear Mr. President:-

I beg to recommend Mr. D. J. Thomson, B. A. Sc., as Demonstrator in Mechanical Engineering for the Session 1914-5 at a salary of \$900. Mr. Thomson held the position last year.

For the other demonstratorship in this Department I propose Mr. G. H. Hally, B. A. Sc., he has not been on the staff before and replaces J. H. Parkin who was promoted. Hally is the man of whom I spoke to you on Friday as having volunteered to go with the second contingent, but certain changes recently having taken place in his family, he has written me to-day that he will not now be able to go with the contingent and will remain in the University till the end of the Session.

I should be glad if these two men could be appointed as early as convenient to you.

Yours sincerely,

Robert W. Angus.

DEPARTMENT OF MECHANICAL ENGINEERING,
UNIVERSITY OF TORONTO.

TORONTO, CANADA, Sept. 23rd., 1914.

ROBERT W. ANGUS, B.A.Sc.
MEM. AM. SOC. M.E. M. VER. D. ING.
PROFESSOR.

President Falconer,
University of Toronto.

Dear Mr. President:-

For the position of Fireman of the experimental plant in the Thermodynamics Building, for the coming session, I would nominate William Gibson. This man has not been in the employ of the University before, and I would suggest that he be appointed by the week, so that in case he does not give satisfaction he could be discharged without undue delay, and another man put in his place.

The appropriation provides for a salary of Sixty Dollars per month for eight months, so that Gibson's wages should be \$ 13.85 per week.

I should like to have the man start on Saturday, Sep. 26, and would be grateful if you would have the appointment made at to-morrow's meeting.

Yours very truly,

Robert W. Angus.

March 31st, 1915

Professor R. M. Angus,
University of Toronto.

Dear Professor Angus:

I will forward your letter to the Parser
initialled, and will see that the case of Mr. Pally is dealt
with as other similar cases have been.

Yours sincerely,

President.
